Rosen's Inc.

2013 Custom Applicator Day Information

For 2013, the Ohio AgriBusiness Association's Custom Applicator Day Task Force planned an interactive, hands-on training opportunity for the industry's custom applicators. The training will kick off with an exhibit on February 5, featuring hands-on demonstrations with various large equipment representatives.

On February 6, classroom-style training will build on the information shared during demonstrations and will provide participants with Certified Crop Adviser Pest Management continuing education credits and Ohio Department of Agriculture Pesticide Applicator Certification Credits.

Event Details
