Dear Gov. DeWine & Lt. Governor Husted:

On behalf of the Ohio Deputy Registrars' Association, we would like to take a moment to thank you for your decisive action during this unprecedented time to protect Ohioans. We recognize these are not easy decisions and we are grateful that your Administration has worked to understand how best to mitigate the spread of COVID-19, especially among our most vulnerable populations. Your leadership has provided a model for other states, and is to be commended. Ohio is fortunate to have your leadership at this time

As independent contractors to the state, we are proud of the services we provide on behalf of Ohio, and are here to support and serve the public as appropriate during this time. We are working to keep our employees protected and safe, as well as Ohioans that visit our agencies during this time.

Thank you for the ongoing information and updates that empower all of us to make informed decisions to help keep our families, employees and customers safe.

Sincerely,
